NASHVILLE Electric Water Cure.

THE undersigned has taken the large House on the hill in South Nashville, at the head of Front street, known as the Rutledge property, where he has established a comfortable home for invalids, and provided ample means for their restoration to health. Patients from the country and strangers taken sick in the city can find gentle nursing and appropriate medical attendance. Our treatment in Chronic Discases consists of Water Electricity, and the most effective medicine and Homospathy in all Acute and Febrile Diseases, and in all cases our charges will be mod ate and to suit the times.

The institution is located in a field of 17 acres, co taining line shade trees and pleasant grounds for exer-cise for convalescents. From the house, we have the finest prespective view of the city, Camberland river, and surrounding country, afforded in any other part

and surrounding country, afforded in any other part of the city.

As far as regards our success in practice in the healing art, we will only say we have now been in Nashville one year, and our register will show the names of over 150 patients, treated for various diseases, most of them hopless cases of Chronic Diseases, and 31 of whom were confirmed cases of Consumption, and out of the whole number of 150 odd cases treated, only 6 have died, all of whom were given up as hopeless before I saw them, and every one of the rest hopeless before I saw them, and every one of the rest have been cured, or at least greatly a neatted. For the restaction of others, we can receive into oce attended to as usual.

At all other times I can be found at the Electric Water Cure Though we are opposed to publishing certificates to show that we can control diseases supposed to be in-curable, we will re-publish the following letter of a well-known citizen to the editor of the Republicar Sanner, of Dec. 30th, 1860:

Ms. Enros: Having been afflicted for some months past, as is known by my many acquaintances, with an attack of paralysis, and having received a benefit so decided from the use of electrical baths, given me by Dr. Westerveit, I have thought it due to those simi-larly situated with myself, to make this publication. I was decidedly convalescent when I began to use the baths, but the benefit derived from them has been so ositive that there could be no mistaking the cause am now able to use my fingers and my arms, which were entirely helpiess, almost, if not quite, as well as

I know this notice may inure to the benefit of Dr. V., at least with those who place confidence in my word, but to me it is a matter of much greater inpor tance that my friends should know where they can be relieved from the state of helplessness I was in a short time since. Spring Goods.

Why beautiful goods, that will cause a great talk, As our old friend, M. Powers, has just returned from And is receiving at his Store, Southeast corner of the Square, A rich Spring and Summer Stock, which he'll sell very

fish—

For the very least possible share of your cash.

Nor forgetting old line Whigs and Democrats,

For whom he keeps a variety of suitable hats,

For whom he keeps a variety of suitable hats,

The finest caps—all fancies sure to please—

Both cioth and silk, and new style Japanese;

Handsome shirts, and splendid cravats and collars,

So to M. Powers don't neglect to bring your dollars;

For with myriads we would now dispute,

Who dare say his garments fail to suit;

Those most neat and fastidious in taste,

Who oft in badly made clothes their money waste.

But strange to say, for the very smallest sum,

You feel inclined to expend at Power's Emporium,

He will give you bargains so very rich are rare,

That will compel you for months to wender and stare.

He keeps clothing to suit the large men and the small,

And to credit our word, just give him a call.

"Quick sales and small profits" is his motto long

traced,

So to M. Powers' Store for bargains make haste.

The common belief that much of the uncertainty of Medical Practice arises from the bad quality of Medical substances, seems to acquire daily confirmation. Through faulty preparation and commercial competition, many preparations formerly regarded as of primary importance are gradually going out of use, while others produce effects and cause accidents that do not properly belong to them as described in the Pharmscopes. New remedies, as suggested and offered for trial are often found so imperfect, and varying so much in chemical character and strength that they are either condemned or received upon false premises, both equally at variance with the proper progress in therapeutics; whilst most practitioners daily feet that the Materia Medica is not rich enough either to less its old remedies, or to sacrifice opportunities of acquiring new ones. A proper appreciation of these facts warrant the Subscribers in manufacturing and vending none but First Class Standard Preparations, with direct reference to the necessities of the profession and the requirements of the Pharmacopea. Our Chemicals, Powders, Tinctures, Essential Oils, and in tact all of our Medicinal Preparations are selected and compounded with a view to the quality only, without regard to price. In Perfumery, Variety Goods, Patent Nostrums, &c., we endegror to please all instea.
